

UN KNOWN INDIAN FREEDOM FIGHTER

In 1876, Kamanuru Kiran Kumar Achari used to send letters to the Indian freedom fighter in a secret script (Marulipi) that the British government did not understand.

Even if the letters written in Marulipi were found by the British Government, they could not read them. They tried hard to understand what was written in it but failed.

On one occasion, the British government came to know the secret of the Marulipi through the deception of an Indian and were able to read the letters. This resulted in the execution of Kamanuru Kiran Kumar Achari in 1884 for sedition.

I am very proud of him as he is a child of Andhra Pradesh and also a resident of Nellore.
